# CREATING **SAFER** ENVIRONMENTS

ZINTRA SOCIAL DISTANCING SOLUTIONS

Introducing an expanded collection of personal, desk and privacy screens specifically designed to support new social distancing guidelines and disinfecting standards in corporate workspaces. Add both acoustic enhancements, as well as, safe space division to open office layouts with our extensive selection of Zintra acoustic screens.

All Zintra products meet Health Canada guidelines for cleaning and disinfecting with bleach solutions.

New to the collection are the EPI Range of Personal Screening. A simple, yet effective range of desk and floor accessories that are cost effective and easy to install. Available in a range of sizes and 20 different colours, EPI screens will bring occupants an elevated sense of both safety and privacy.

Alternatively, you can choose from the original Zintra screen collection with enhanced design details and a broad array of aesthetic options to choose from including Zintra on Zintra pattern layers and colour combinations.

CLEANABILITY

All Zintra products can be easily cleaned and disinfected using a clean, soft white cloth dampened with a mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Dab gently. Repeat using only a clean, water dampened cloth to remove bleach concentration then pat dry with a lint free cloth.

Avoid using wax polishes, solvents or concentrated abrasives.

Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contract CROWN for assistance.
