WHERE FUN AND FUNCTION CONNECT

BILBY

ADD-ON SCREEN

CROWN
SURFACE SOLUTIONS

FUNC.

Contract furniture doesn't have to be stuffy and uncreative. We know it can be stylish and modern and comfortable too. So we started making our own and never looked back.

FUNC.

BILBY

Bilby Add-On Screens are available in 14 sizes and accommodate panel thicknesses from 2.5" to 3.5". Bilby Add-On Screens are an ideal solution for providing increased safety and user space division, while allowing access to natural lighting. With a unique universal design, Bilby Add-On Screens can be connected safely and easily to virtually any systems panel solution.

DESIGNER PAUL JAMES

Paul James is an award winning designer and inventor with a reputation for both right and left-brain insight. He entered college to study engineering and emerged with degrees in math and economics. A graduate degree in industrial design lead to leadership positions for several A list furniture companies. In 2002 he opened his own consultancy in Minneapolis specializing in product design and new venture start-ups. His process is equal parts head and hand, CAD and crayon, coffee and cocktail. Whether designing furniture, outdoor gear, or parametric fabrication systems, James' mantra is reason in every function and art in every detail.
AVAILABLE COLOURS AND FINISHES

Bilby Add-On Screen is constructed from the highest quality acrylic and polyethylene terephthalate or P.E.T. — an ideal material for reducing ambient noise and sound within noisy environments.

Bilby is available with your choice of Clear or Frosted acrylic inserts.

ADD-ON
SCREENS

Bilby Add-On Screens enhance user privacy and security by allowing for rapid modifications to the panel height of your systems. Available in 12" and 24" tall versions, Bilby offers an intuitive connection system that easily attaches to system panels without destroying their functional or visual integrity. Bilby Add-On Screens are an ideal solution when you need to ensure higher levels of social distancing within existing systems environments.
