PLEASE REFER TO CLIENT DRAWINGS FOR SPECIFIED
TILE ARRANGEMENT

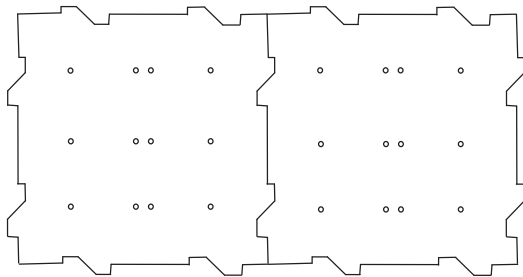

ZINTRA BOX TILES

1) Place the provided installation template on the wall of choice and with screws to secure it in place.

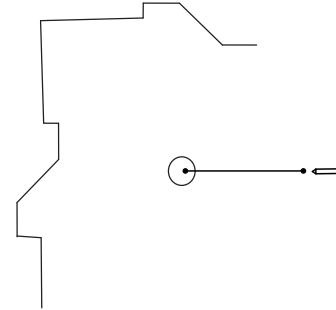

Note: Ensure the template is level before positioning second installation template.

2) Lock the installation templates together by positioning each cut to fit comfortably as demonstrated.

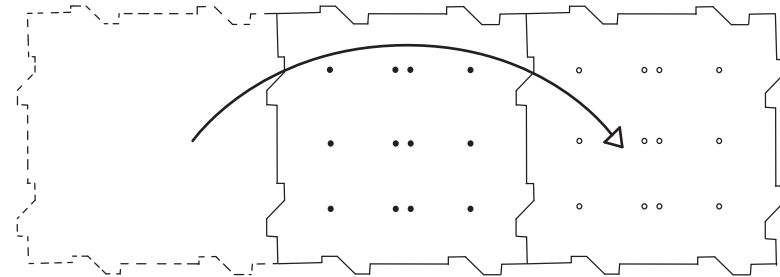

STEP 1 & 2

3) Once the installation templates are placed in the desired area screw the provided 3M dual fasteners in the circle cut outs in accordance to the chosen configuration of the Zintra box tiles.

Note: Plan the configuration before securing Zintra Box Tiles

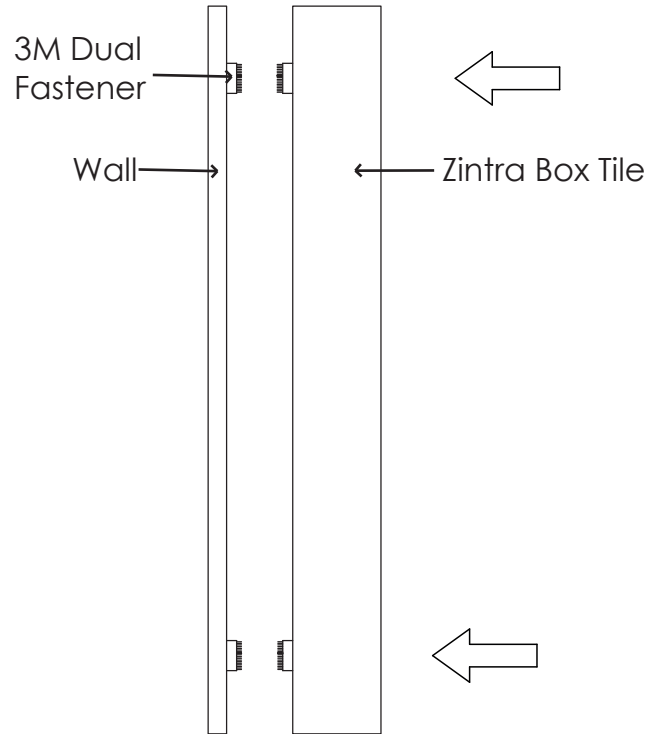

4) Once all needed 3m dual fasteners are screwed in remove the installation template. Repeat steps 1 - 3 to best suit the chosen placement.

STEP 3 & 4

ZINTRA BOX TILES

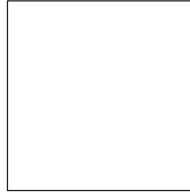

5) Push to secure the Zintra Box Tiles to the 3M dual fasteners just screwed in to the wall.

STEP 5
