## EMBOSSED

**Welcome to Zintra Embossed.**  
**Design driven acoustics that**  
**don't cost the earth.**

Zintra Embossed adds a luxurious feel to Zintra's extensive range of acoustic solutions. Ideal for spaces that not only need noise absorption, but also a sumptuous design element only possible through tactile, three-dimensional surfaces.

Zintra's heather adds warmth to what can often be cold, hard spaces, while consistent patterns progressively match across sheets so there is a seamless design that's easy to install as either large panels or ceilings tiles.

**We believe in the sustainability of both our planet and our people. We do everything we can to minimise our environmental impact and create spaces that contribute to the wellness of the people that use them.**

Certified by Declare and HPD, Zintra is made from 100% recyclable materials. It has low levels of volatile organic compounds and contains no formaldehyde. It's Red List Free and meets the Global Recycling Standard.

Reducing noise levels, minimizing indoor air pollutants, easy cleaning and a Class A fire rating are just a few of the reasons that Zintra is the perfect material for the green buildings of today and tomorrow.
