### Zintra Blades

Texture: 3  
Lustre: 1  
Transparency: 1

<p><b>DESCRIPTION / FEATURES</b></p>	<p>These wall mounted systems showcase Zintra's™ flexible characteristics. Combining a dynamic aesthetic appeal and acoustic performance, blades are an easy-to-install solution. The increased surface area of the vertical blades results in greater absorption of sound compared to flat panels.</p> <p>Find out more about the Benefits of Zintra and its NRC rating on the DOWNLOAD tab.</p>
<p><b>COMPOSITION</b></p>	<p>Zintra Acoustic Panel - 100% Polyester</p>
<p><b>SUGGESTED INSTALLATION</b></p>	<p>Check out the DOWNLOAD tab for a complete Handling and Installation guide.</p> <p>Be sure to support Blades during installation to avoid bowing or creasing.</p> <p>Slide Zintra Blades onto Square Tube.</p> <p>Fix Square Tube to wall (no screws supplied).</p>

<b>CUSTOMISABLE</b>	Size - Yes Zintra Colour - Yes Tube Colour - Yes Contact Crown Surface Solutions for details
<b>SUPPLIED AS</b>	Blades - cut to size and design Square Tube - notched No screws included
<b>FABRICATION</b>	Stanley knife if required

**CARE INSTRUCTIONS**

Remove spills immediately using damp, clean cloth.

Dab Zintra with a clean, soft white cloth dampened with a mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

Avoid using wax polishes, solvents or concentrated abrasives.

For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Dab gently. Repeat using only a clean, water dampened cloth to remove bleach concentration, then pat dry with a lint free cloth. If cleaning method is not achieving desired results, cease immediately and contact Crown Surface Solutions.
